

School Visits for 2025

at our Energy from Waste Site

Visit our Energy from Waste Site and discover the journey of your waste.

Cory is one of the UK's leading recycling and waste management companies. We ensure that London and the South East has a safe, clean and sustainable way of managing its recyclable and non-recyclable waste.

Have you ever wondered what happens to your general waste when it gets collected by Local Authority? Now here's your chance to solve the mystery!

We are delighted to offer the opportunity to open the doors to students to come for a visit to our site in Belvedere.
